Swedish DNA

MADE IN SWEDEN COLLECTION BY MARKSLÖJD

Pater and Amfi are unique table lamps. Their design refers to the beginnings of the Markslöjd company in Sweden.

The Made in Sweden collection is a return to the Swedish identity of the Markslöjd brand. The company that is successful in international markets also wants to remember its roots.

The history of the company dates back to 1963. At that time, local artisans from the Mark commune in Sweden were specialized in the production of candlesticks and turned wood lamps. In Scandinavia, proficiency in crafts (including wood craft) is called "Slöjd". The combination of these two words – "Mark" and "Slöjd" - resulted in the company name Markslöjd.

Pater

The Pater table lamp is a modern vision of a traditional lamp with a turned wood base. In the case of this model, the base is made of solid oak. Thanks to this, each Pater lamp has a unique wood pattern. The wooden base fits in an interesting way with the oval, milky-colored glass lampshade. Opal glass is a guarantee of pleasant, atmospheric light and is suitable for various interiors.

The Pater lamp also has a textile cable with a switch - a small detail that subtly completes the entire project.

Design by
Joakim Thedin

Pater 108409

Amfi

The Amfi table lamp combines traditional craftsmanship with a modern, minimalist design. When Joakim Thedin was designing the base of this lamp, he was inspired by ancient amphitheataters. The base of the Amfi lamp is made of dark gray Valchromat composite wood. When we look at it closely, we can see discreet wood fibers on it. The design of the Amfi lamp is complemented by a glass, opal lampshade (the same as in the case of the Pater lamp) and a textile cable with a switch.

Joakim Thedin

Joakim Thedin is a respected Swedish designer with many years of experience in various areas of industrial design. For many years, he has been cooperating with the Markslöjd brand, designing stylish and functional lamps. The Pater and Amfi models from the Made in Sweden collection are the result of the latest collaboration between Joakim Thedin and the Markslöjd company.

HOW TO USE AUGMENTED REALITY (AR) FILES?

1

Use the product's QR codes to download AR files to your iOS smartphone.

2

Click on the file you want to open.

The selected file will open automatically by using default camera application.

3

Aim the camera lens at the place where you want to try on the lamp.

After opening the file, click on the lamp graphics and point the camera lens on the floor in the interior.

You can move, scale and rotate the virtual lamp on the smartphone screen. To keep the visualization for the future, just take a picture.

SVE | Vi förbehåller oss rätten för eventuella ändringar i sortiment, konstruktion och utförande. Av trycktekniska skäl kan färgavvikelser förekomma.

ENG | We reserve the right to make changes in the product range, design and model. Please note that, as a result of printing processes, actual colours may vary from those reproduced here.

GER | Das Recht auf Änderungen in Sortiment, Konstruktion und Ausführung behalten wir uns vor. Aus drucktechnischen Gründen sind farbliche Abweichungen möglich.

FRA | Tous droits à modifications de l'assortiment, de la conception et de la réalisation réservés.

FIN | Pidätämme oikeuden valikoima-, rakenne- ja mallimuutoksiin. Painoteknisistä syistä ovat värimuutokset mahdollisia.

POL | Zastrzegamy sobie prawo do dokonania zmian ofertowych i konstrukcyjnych. Z uwagi na proces druku przedstawione kolory mogą różnić się od rzeczywistych.

Czech | Právo na konstrukční a nabídkové změny vyhrazeno. S ohledem na možnosti tisku se uvedené barvy mohou lišit od skutečných.
