NOVA LUCE

## ABOUT US

Design | Quality | Reliability

Light is the secret ingredient of our identity, indicates who we are and what we stand for. Coming from different backgrounds, economists, interior designers, artists and graphic designers we use the main ingredient of our country -Light- to compose Nova Luce. With persistence and belief in good design and high quality, we design and produce luminaries since 2007 for the Greek and European market presenting refreshing ideas for the aesthetics of any room. Seeking through forms and materials we end up choosing durable lighting fixtures, both classic and modern, that transform any space into something special!
